READ BEFORE USE

- * Works on hard floor surfaces only
- * Ensure you push forward, in one direction with brushes facing outward

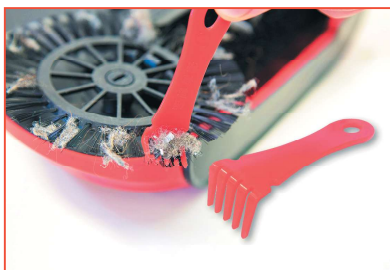

1.HOW TO USE

Push your Swiftly Sweep along any hard floor surface such as tiles, linoleum, wood or marble and more, to pick up the mess and debris. Make sure the flat side with the opening is to the front and the black on-board dustpan is at the back. If you miss anything, simply swivel it around and do a second sweep.

2.HOW TO EMPTY

Once the Swiftly Sweep is full, hold the black on-board dustpan over a bin and flick the lid open to empty.

3.HOW TO CLEAN

To clean the bristles of your Swiftly Sweep, simply use the cleaning brush included with your order. Untangle any attached dust, debris or hair and remove it from the unit. Your Swiftly Sweep is ready to be used again.
